## **Climate Change – Emergency Declaration**

**The Council adopted the following Declaration of Climate Emergency  
on 9<sup>th</sup> September 2024.**

East Goscote Parish Council recognises that a climate emergency has been declared at International, National and Regional level and aims to conduct its activities with environmental efficiency, seeking to protect and enhance the local environment and biodiversity within the Parish boundary where possible.

The declaration of a climate emergency and development of an action plan will set out the Parish Councils commitment and approach to working towards a carbon neutral status by 2030, in line with Charnwood Borough Council and Leicestershire County Council.

The Parish Council does recognise that it must continue to work towards a carbon neutral target, however there are limitations as to how much a Parish Council can do within the constraints of its financial position and scope of its duties and responsibilities.
